

EASTERN MISSOURI ALLIANCE FOR CLEAN TRANSPORTATION

Membership Form

Eastern Missouri Alliance for Clean Transportation has been a trusted partner in the sustainable transportation sector for nearly 30 years, providing members with a wealth of expertise.

As a designated U.S. Department of Energy Clean Cities Coalition, we are connected to more than 75 coalitions across the nation. We link members to resources, education, networking, funding opportunities, and more to help them achieve their sustainability and financial goals. We promote the use of alternative fuels and advanced vehicle technologies to reduce petroleum dependence, improve air quality, and develop economic opportunities in the St. Louis region. Members play a vital role in achieving this goal.

What to expect when you join:

- **Money-saving advice** - We provide practical solutions for reducing fuel consumption and maximizing the fuel efficiency of your fleet.
- **Fleet analysis** - We offer expert advice on alternative fuel for your fleet including guidance on reducing harmful vehicle emissions and improving air quality.
- **Funding Solutions:** We provide resources to help you find funding to support your alternative fuel projects. A dedicated team will assist in developing project proposals, grant writing, and application submission.
- **Collaborative Partnerships** - Through our network coalitions, sponsors, and partnerships, members have access to networking opportunities to learn from their expertise and build lasting partnerships
- **Education** - We provide in-depth education on alternative fuel vehicles and fleets including electric, biodiesel, compressed natural gas (CNG), ethanol, hybrid, hydrogen, and propane. Our experts will help you determine the best vehicle solution for your needs.

Kevin Herdler
Executive Director

Optimize

Advancing alternative fuel technology and transportation systems.

Empower

Providing guidance to optimize fleet fuel efficiency through advanced vehicle technologies to reduce petroleum dependence.
